Follow Ben for a safe fireworks night

Fireworks will scare your pets, so keep them safely indoors.

Never give sparklers to a child under five.

If you are given a sparkler, always wear gloves. Always hold sparklers at arm's length and only hold one at a time.

When you are watching fireworks, always stand well back.

Only adults should handle and light fireworks.

Never go near a firework when it has been lit. Even if it hasn't gone off, it could still explode.

When a sparkler goes out, **DON'T TOUCH IT**. It could still burn you, so put it in a bucket of water, hot end down.

You have to be **18 years old** before you are allowed to buy fireworks in the shops.
Never play with fireworks.
They are dangerous and can hurt you.

Ben loves fireworks night. To make sure he stays safe every year, he follows the **Firework Code**.
