Natural Disasters
Year 5
Homework
Create a Google Slides presentation about Natural Disasters. Research:
What are they?
How do they occur?
Where are they likely to occur?
Which countries have the most instances of disasters? Why is this?
Make a model of the Earth's layers.
Pretend you are a news reporter and you have just received word of a tidal wave. Film or write your breaking news story.
Create an A-Z of as many words to do with Natural Disasters as you can.
Create a graph of the 10 most deadly natural disasters.
Write/draw an action plan for escaping a natural disaster. Think about what you would need and where you would need to go.
Write a song that would go well with the footage of an erupting volcano.
Research the different types of natural disasters. What are they and how do they occur?
Research a list of active volcanoes and how often they erupt.
Design an earthquake proof building.
Paint a scene about a bushfire.
Make a model of a volcano and film the eruption.
Create a scene about a natural disaster of your choice, using a medium of your choice (paint, pencils, pens, chalks, collage).
